Year 6 Hoodies & Party

PTA have been approached by a year 6 parents about funding for hoodies and the leavers party. Last year the PTA agreed to fund £100 towards the leaver's party and a contribution towards the hoodies, although we did pay for the hoodies then the contributions from the parents were given to us.

Agreed that the PTA would contribute £100 towards the leaver's party this year. A number of other schools in the county have been spoken with and the PTA don't fund hoodies. We have the big projects coming up and need to fund these for the future development of the school so voted that no contribution towards the hoodies.

Financing

See attached sheet.

Agreed that the external electrics in the field need to be done the school are waiting for the three quotes. Once received we will look at them and determine what we can contribute. It will reduce the costs at PTA events and mean the long path can be used for discos and night events, and school can use the field later into evening.

Agreed a freeze on spending until quotes for the electrics are in and we know what is needed. Also there is
