3rd November 2017

Welcome back we hope you enjoyed your half term!

There is a jam packed half term ahead and we are getting ready for our Christmas events. Please put dates in your diary, they are all out and we wouldn't want you to miss out.

So what's happening within school?

We are working really hard to develop the curriculum, to make it exciting and engaging while securing the foundations of good learning. While we are very aware we are judged on our test results we are clear we want the children to be lovers of learning, own their life skills and have a mindset that means they can conquer challenges in their lives. We hope you agree there's been some amazing things going on around school and we hope you're getting to see a bigger insight through the use of see saw.

We do rely on your support at home to ensure your child has the right mindset to learn, being here on time and looking smart are two key ways home can help. Homework supports the learning we complete in class and so learning those spellings and tables really do go a long way! Teachers are working hard to provide information for you at home, we are working on recording tutorials for our website to further this support and in addition, please always ask if you need anything. We very much want to help.

To reinforce our values we are reminding children about their smart uniforms, looking after their spaces at school and taking part in community initiatives to express how this should go wider than school. You'll be seeing us litter picking in Bayston Hill this half term.

Finally we will be sending out the parent questionnaire to evaluate how we work together for every child to secure the best education here at Oakmeadow. We value your feedback and appreciate hearing your thoughts. Thank you in advance for completing this.

Yours faithfully

The Oakmeadow Senior Leadership Team
